React/.NET Fullstack Developer

PROFILE

Fullstack Developer with **5+ years of experience** specializing in **React and .NET**. Experienced in building scalable web applications, data-driven dashboards, and secure authentication systems. Focused on clean architecture, performance optimization, and real-time solutions using WebSockets

EXPERIENCE

SweetSoft INC. - *Frontend / Fullstack Developer* — *January 2021 – present, Kharkiv, Ukraine*

- Designed and implemented frontend architecture for a corporate insurance analytics platform using **React and Redux**, handling complex state management for aggregated operational data.
- Developed real-time dashboards with complex data visualizations using **React and WebSockets**, improving data visibility and reducing manual reporting efforts.
- Designed and optimized **RESTful APIs** for large-scale data processing, improving system latency using **Redis** caching and **SQL** query optimization via **Entity Framework Core**, integrating **AWS S3** for secure object storage
- Implemented secure authentication and session management using **JWT** and refresh tokens **with ASP.NET Core Identity**.
- Established containerized development environments using **Docker** and **Docker Compose**, **including Dev Containers** support for cross-platform development (**ARM64**).
- Participated in the full development lifecycle, from requirements analysis and database design to deployment and production support using Git, Postman, and SSMS.

Independent Developer - *Frontend / Fullstack Developer* — *July 2020 – December 2020, Kharkiv, Ukraine*

- Engineered several end-to-end applications using the MERN stack (MongoDB, Express, React, Node.js).
- Implemented secure JWT-based authentication and managed automated deployment workflows via Heroku and Netlify.
- Focused on building responsive UIs and state management logic, laying the foundation for professional transition into the React ecosystem.

SKILLS

Hard skills

- **Frontend**: React, Redux / Redux Toolkit, WebSockets, JavaScript (ES6+), TypeScript, Next (app router), Vite, HTML5, CSS3/SCSS, Responsive Design
- **Backend**: .NET 8, ASP.NET Core, MS SQL, Redis, Entity Framework, LINQ, RESTful APIs, JWT & Auth systems, WebSockets
- **Databases/Cloud**: MS SQL Server (SSMS), AWS S3, Redis
- **DevOps & Tools**: Github Actions, Docker, Docker Compose, Git, Postman, Visual Studio Code Dev Containers, AI-assisted development, GitHub Copilot, ChatGPT/Claude/Gemini (prompt engineering), Netlify, Vercel

Languages

- **English**: B2 (Technical & Business Communication)
- **Ukrainian**: Native
- **Russian**: Professional

Soft skills

- Critical Thinking & Problem-Solving.
- Technical Writing & Documentation.
- Cross-functional Team Collaboration.
- Strategic Planning

EDUCATION

IT Cloud Academy

March 2017 – July 2017, Kharkiv, Ukraine

IT Cloud Academy Career certification

- Certified associate in C# and .NET

KHARKIV NATIONAL UNIVERSITY OF RADIO ELECTRONICS

2004 – 2009, Kharkiv, Ukraine

FACULTY OF AUTOMATICS AND COMPUTERIZED TECHNOLOGIES

- Master's Degree in Manufacturing of Electronics, skill – Engineer of Banking Systems
