## PROFILE

Well motivated software developer with strong knowledge of JS (ES6), HTML5, CSS3. Experience with React, Redux (+0.5 year). Good understanding of backend development principles. Able to effectively self-manage during independent projects, as well as collaborate as part of a productive team. Have basic knowledge of TypeScript, C#, .NET Core framework and ASP.NET Core. Strongly interested in improving skills in fullstack development, backend development and gaining experience with modern web frameworks. Will be glad to be involved in new technology stack.

- Certified associate in C# and .NET

## PORTFOLIO PROJECTS\*

\* Due to demo reasons and heroku free terms, if an app receives no web traffic in a 30-minute period, it will sleep. Therefore, during the first launch, the application may take longer to load than usual, approximately 15 - 20 seconds. So please be patient and wait for the app to launch. Subsequent launches will be relatively fast.
